Kentucky Templars to Receive.

Chairman Joe H. Ewalt of the Committee on arrangements, has completed arrangements for the reception to be given by the Grand Commandery of Kentucky Knights Templar on the evening of Tuesday, August 9, at the Congress Hotel in Chicago, on the occasion of the meeting of the Triennial Conclave of Knights Templar of America.

The reception as planned will be the most elaborate ever given at a meeting of the Conclave by any state in the Union. John G. Cramer of Lexington, Eminent Grand Commander of the Grand Commandery of Kentucky, will be at the head of the receiving line. For the grand parade, which takes place on the afternoon of the same day, the Grand Commandery of Kentucky will be represented by Sir Knight Thomas Browning of Lexington who will be an aide to the Grand Marshal. Those from Coeur de Lion Commandery of Paris, who will attend are Past Grand Master Joe H. Ewalt, Sir Knight D. W. Peed, Sir Knight M. H. H. Davis and Sir Knight Dr. Frank Fithin.

Ordered Taken to Asylum.

Wm. Craven, of Lexington, tried in the Bourbon County Court Wednesday on a charge of lunacy, was ordered taken to the Lexington Asylum. Craven has been confined in the county jail since July court, where he was being held to await the action of the November grand jury, on a charge of appropriating and disposing of the property of another for his own benefit. Craven, it is alleged, in company with Jack Cooper, hired a horse and buggy from the firm of Riekey & Wilson, of Lexington, coming to Paris on county court day where they disposed of the horse and buggy to Forrest Thomas receiving in exchange the sum of \$50 and another horse. The day following Mr. Wilson came to Paris in search of his property, finding it in possession of Mr. Thomas, and warrants were sworn out for the arrest of Cooper and Craven. Cooper was taken to custody at Lexington and Craven was captured a few days later at Winchester, and both were brought to this city where examining trials were held, resulting in both being held to the November term of court under bond which they were unable to give, and were remanded to jail. Since Craven has been confined in the Paris jail his wife and child died and it is believed that brooding over this and in connection with his other trouble his mental faculties became impaired with the result that after the introduction of the testimony of attending physicians in regard to his mental condition he was ordered taken to the asylum by Judge Denis Dundon.

Breathitt Bear Fined in Police Court.

William Webb, giving his place of residence as Jackson, Breathitt county, was up before Judge January in Police Court Wednesday, on a charge of carrying concealed weapons. Webb, who was recently married at Middletown, O., was enroute to his home in Breathitt county and while in Cincinnati imbibed freely and when the train reached Falmouth became very boisterous and was threatened with ejection by the conductor and flagman in charge of the train.

Webb drew a dangerous looking revolver and defied the train crew and it was only by a strong persuasion on the part of one of the passengers on the train that he became quiet. A telegram was sent from Falmouth to the railroad officials in this city and when the train arrived in Paris Officer Ben Bishop was on the ground and took Webb into custody.

When placed under arrest Webb resisted the officer and attempted to use his revolver. Officer Bishop promptly knocked him down and with the assistance of the train crew disarmed and landed him in jail. Wednesday Webb pleaded guilty before Judge January to the charge of carrying concealed weapons and was given a fine of \$50 and ten days in jail. Webb was accompanied by his wife who was considerably frightened over the affair on the train it being her first visit to Kentucky.

Demands Return of Contribution

Campaign contributions made by Mrs. Addie Martin, night matron at the Frankfort penitentiary, to help elect Col. Elihu Brown and Col. Harvey McCutcheon, Prison Commissioners, have been demanded by Mrs. Martin, since she was forced to leave the prison by the rules imposed upon her instructing the night matron to remain on duty also.

Mrs. Martin addressed a letter to the prison commissioners demanding that they pay back to her the \$200 she has contributed, and if the money is not forthcoming she will sue to collect it.

In an interview Mrs. Martin says that there was never any campaign contributions collected from the women employees until the present prison commissioners were elected.

Mrs. Martin says that the money collected from her and put in the campaign fund for Col. Brown and Col. McCutcheon should be paid back to her inasmuch as she will not enjoy the fruits of their victory.

Mrs. Martin says she does not know what was done with the money, but that she contributed it for the use of Col. Brown and Col. McCutcheon.

Water Company Wins Suit.

Circuit Judge Watts (Parker) handed down an important decision at Lexington Monday in the case of J. T. Slade and others against the city of Lexington and the Water Works Company, overruling the petition for a permanent injunction to restrain the city and company from entering into a twenty-five year contract for supplying the city of Lexington with water.

A conspiracy between certain city officials and the water-works company as alleged in the petition. The decision is a victory for the water-works company, which can now enter into a contract with the city, and also go ahead with extensive improvement planned.

Where Will the Tobacco Planters Be.

The men who are opposed to pooling burley tobacco ought to ask themselves where they will be when the hopes of this pool disappear. Every tobacco raiser will be at the mercy of one buyer, and that buyer will be the American Tobacco Company.

It must be manifest to tobacco raisers everywhere that their salvation during the past five years has been in these pooling contracts. For the first time they have been able to bring the tobacco trust to terms. It may be—indeed, we think it is true—that this advantage has been used somewhat too far—that is, that the price has been advanced to a point where the area of cultivation has been largely extended north of the Ohio and west of the Mississippi river.

Nevertheless, this enlarged area makes it all the more necessary for the burley tobacco growers of Kentucky to stand together in their dealings with the trust and not to be seduced by the fair but false pretenses of the agents of the trust in politics and in business.

It used to be the boast of Kentuckians that they had a sense of fair play highly developed; that they paid their own way; that they bore their own burdens; that they were able to take care of themselves. They asked no favors of no man.

This is the basis of the tobacco pool. They are not seeking favors, but justice from the trust. They are exacting justice.

And yet there are scores and hundreds of tobacco growers who are willing to see these farmers in the pool make this fight for them while they contribute nothing in any way to this movement. The time has passed for such cowardly action. Let them get in or stop raising the weed.—Louisville Evening Post.

Refuse Pardon.

Gov. Willson Tuesday refused to pardon George Davis, of Carlisle county, sentenced for life on the third conviction. His last offense was malicious cutting. The Governor says the reasons for request of the pardon are not sufficient.

He also refused to pardon the jail sentence imposed on Vincent Hamilton, of Bracken county, fined \$25 and sentenced to ten days in jail for carrying concealed a deadly weapon. Hamilton is of a prominent family and has just married. He claimed he was taking the pistol home with him, but the Governor says he should have done it in a lawful manner; that is, openly.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

LIVESTOCK EXHIBITExtraordinary Display for Ken-
tucky State Fair.**OTHER SHOWS OUTCLASSED**Entries in Trotting and Pacing Races
Assure Events of Unusual
Attractiveness.Popular Night Horse Show Will Again
Prove One of the Leading
Features.

From the live stock exhibit stand-
point, the Kentucky State Fair of 1910,
which is to be held on September 12-
17 inclusive, at Louisville, will surpass
any similar exhibition in America.
The Kentucky State Fair has already
won the distinction of surpassing all
other state exhibitions combined in the
matter of light horses. Its collective
live stock display in previous years
has ranked with the best of other state
fairs and the entries for the approach-
ing exhibition indicate that previous
records are to be far exceeded.

Exhibitors at this state fair are pecu-
liarily fortunate in having the advan-
tage of the largest and finest display
room in America for their thorough-
breds. The beautiful pavilion where-
in by day are given the exhibitions of
blooded stock and at night the bril-
liant horse show and hippodrome per-
formances, is declared to be the best
and most spacious building ever erected
for such purposes. All rings of
horses and cattle, mules and jacks, and
dogs, will be shown in the live stock
pavilion. Arenas designed especially
for the exhibit of swine and sheep
have been erected near the barns used
for these animals.

Directly associated with the live
stock display are the races. This year
the card will be better than ever. The
half-mile track has already been put
in splendid condition. Three trotting
and pacing stakes are featured for
each day. The entries closed on June

A Close Finish on the Trotting Track, at the Kentucky State Fair.

1 and exceptionally fine class is as-
sured. The prizes for these races ag-
gregate some \$600. There will be six
purse races, with the premiums
amounting to \$400. In addition, four
gentleman's road races are scheduled,
two of them for amateur drivers, and
one running race for each day. En-
tries in the purse races will close the
last of the week before the fair.

While the night horse show will ap-
pear particularly to those interested in
live stock, yet no feature of the last
fair proved so generally popular as
this splendid display of equine aristoc-
racy. The horse show will be given
in the arena of the live stock pavilion,
which has a seating capacity for thou-
sands of spectators. The pavilion will
be brilliantly illuminated, and the
classes arranged are on a par with the
foremost entries in the fall and winter
horse shows.

ENERGETIC FORCE AT WORKState Fair Managers Practically Same
as Last Year.

With comparatively few changes,
the personnel of the active manage-
ment of the Kentucky State Fair for
1910 will be the same as last year. J.
W. Newman of Versailles, who has so
successfully guided the fair during the
past few years, is in charge again as
secretary. While the state failed to
appropriate this year money greatly
needed for additional buildings, yet it
is believed there will be no genuine
embarrassment on that account to the
success of the approaching fair, and
everything points to the largest and
best state fair ever held south of the
Ohio river. The following members of
the State Board of Agriculture have
been assigned to the departments
enumerated for this year: M. C. Ran-
kin, chairman, Frankfort, poultry,
plants and flowers, livestock judging
contest; M. A. Scovell, Lexington,
dairy cattle, dogs; G. N. McGrew, Ba-
you, woman's work, farm implements
and machinery; J. L. Dent, Letchfield,
beef cattle; Guthrie M. Wilson, Bard-
ston, horses, mules, jack stock, speed
contests; L. L. Dorsey, Anchorage,
sheep and goats, vegetables and mel-

ons; H. M. Froman, Ghent, swine;
William Addams, Cynthiana, field seed
and grain, tobacco; Fred R. Blackburn,
Stanton, horticulture, forestry and
minerals; P. M. Shy, clerk of board.

The following superintendents and
assistants will be in charge of the
respective departments: Horses,
R. H. Lillard, Lawrenceburg, super-
intendent, George C. Hoffman, Law-
renceburg, assistant superintendent;
mules, William Simmons, Shepherds-
ville, superintendent; jacks and jen-
nets, John T. Veach, Harrodsburg, su-
perintendent; Shorthorns, Herefords

GREAT TOBACCO DISPLAY.State Fair Exhibit Promises to Surpass
All Previous Efforts.

A tobacco exhibit surpassing any-
thing of the kind ever seen in America
is promised for the Kentucky State
Fair of 1910 which will be held in
Louisville the week of September 12.
Wm. Addams, of Cynthiana, will be the
member in charge of the exhibit. F.
P. Sebree, of Carrollton, is superin-
tendent, with an associate in E. S.
Rees, of Louisville. The latter has
been actively engaged for several
weeks in the collection of the exhibit,
and an especially interesting display
is promised from the dark tobacco
district. Present indications point to
an average Kentucky crop, and ad-
vices received from those in charge of
the work indicate that the individual
samples put on exhibition will be of
unusual worth and the volume of ex-
hibits will be the greatest in fair his-
tory.

In the Burley types exhibits will be
made of the crops of both 1909 and
1910. Red Leaf, Bright Leaf, Cigar-
ette Wrapper and Bright Trash types
will be shown in each year's class,
with premiums aggregating \$35 hung
up in each instance. Similar premi-
ums are offered for the dark type ex-
hibits, entries being confined to the
crop of 1910. The following types are
listed for prizes: Austrian Leaf, Black
Wrapper, Long or African Leaf, French
Leaf, Italian Leaf, Green River Leaf
and Stemming Leaf. In addition to
the prizes mentioned, valuable sweep-
stake premiums are offered in all three
classes.

The official sanction of Kentucky to
the tobacco exhibit is illustrated in
the donation of \$100 by Commissioner
of Agriculture M. C. Rankin. This
money is distributed through premi-
ums. Every grower in Kentucky is in-
vited to compete for one or more of
the premiums, and each will be sup-
plied with whatever information is de-
sired upon communication with either
the superintendent in charge or the
secretary of the State Fair.

THE GREAT LIVE STOCK PARADE.

No single event of the Kentucky
State Fair, Sept. 12-17, will attract
more attention than the great live
stock parade. This will take place at
2 p. m., Friday, Sept. 16, and will be
made up of first-prize winners in the
various classes during the week of the
fair. The judging is then over and
the champion, first and second ribbons
tied, and the admiring public has an
opportunity of witnessing the parade
of the champions in every class. This
show takes place in the immense live
stock pavilion, which affords ample op-
portunity for 10,000 people to view the
magnificent sight.

Chance For High School Girl.

The high school girl of Kentucky is
to have her inning at the State Fair
held in Louisville, September 12-17.
The fair management has decided to
learn just what progress has been
made in the domestic arts and sciences
by the school girls, and it is probable
there will not be a more interesting
exhibit at this year's big show than
the examples of handiwork of Ken-
tucky girls. Liberal prizes have been
offered for everything from a pink
kimona and fancy apron to best one
dozen button holes. The girl who can
make the best muffins and doughnuts
and make the best lemon pie will also
be rewarded for her skill and industry.

For catalogue, entry blanks or any
other information regarding the Ken-
tucky State Fair, address J. W. New-
man, secretary, 320 Paul Jones Build-
ing, Louisville, Ky.

Canadian Settlers Disillusioned.

Disappointed, discouraged, homesick and bankrupt, thousands of American settlers in the Canadian Northwest are turning their faces again toward the land where snow and ice do not come in August and where a variety of crops can be successfully grown. This is the natural result of the blind rush for lands whose main recommendation was their cheapness. Pictured in the glowing terms of the land boomer, the semi-arid sections of Alberta have drawn poor but worthy farmers from their comfortable homes to experience the disheartening realization at time has neither mollified nor moistened the climate of that land. It is still a place where farming is fraught with difficulties.

Although the emigration of home-seekers to Western Canada was larger this spring than a year ago, the tide has turned. Clarence J. Blanchard of the reclamation service reports that he

has talked with a great number of settlers who are forsaking the experiment with Alberta irrigated lands to seek homes south of the line. Alfalfa and wheat have been their main crops, and these are not sure owing to the short season. The incongenial government, the high freight rates necessary to get crops to market and the long winter have been additional causes of discontent. It is reported that during the last nine months 15,000 settlers have returned to the United States from Canada, and the movement is increasing. These men have discovered that there was a reason for the cheapness of the land, but it has cost them dearly in cash and in hardship for their families to find it out.

BASE BALL.

TUESDAY.

Paris went to Lexington Tuesday where in a twelve inning contest the game came to a close with both clubs equal in the total of runs and when the gloom of evening settled over the field Umpire Hanley called the game on account of darkness.

Poole was pitted against the cross-fire artist, Kline, and backed by the superb support of the Bourbonites aggregation went the route in an admirable fashion holding the frisky Colts without a run after the fourth session, although in the session which followed many were the situations which looked dangerous and many were the perfect plays that kept the Colts to the two tallies.

Lexington scored in the fourth session. Glenn flew to Chapman for the first out and Viox hit safely and stole second. Keifel fanned but Sinex hit safely advancing Viox to third. Chapman erred and Viox scored. Myers hit through second and Sinex scored. Poole caught Myers off of first for the third out.

In the seventh round Paris scored the two runs that sent the game into extra innings. In several sessions they had men on base but were unable to get all the way round. In the seventh Barnett reached third when Viox threw wild to Myers on Chapman's grounder. Chapman went to second on the heave and on Glenn's error Barnett scored. Poole reached first and Chapman advanced to third. Kuhlman flied to Ellis and McKernan hit hard to short, scoring Chapman. Kaiser popped to Keifel for the third out. Score

Lexington.....0 0 0 2 0 0 0 0 0 0 0 2
Paris.....0 0 0 0 0 2 0 0 0 0 0 2
Batteries—Lexington, Kline and Keifel; Paris, Poole and Thau. Hits—Lexington 9; Paris 4. Sacrifice hits—Ellis, Thau. Hit by pitcher—Ellis. Left on bases—Paris 9; Lexington 4. Double play—Kuhlman, Barnett. Errors—Lexington 5; Paris 3. Struck out—by Kline 4; by Poole 1. Base on balls—off Kline 4; off Poole 3. Two base hits—Barnett. Stolen bases—Chapman, Schmidt, Viox 3. Time—2:30. Umpire—Hanley.

NOTES.

The contest went for two hours and thirty minutes.

Errors were numerous but the fewer number went to the Paris side.

Nine hits off of Poole and four off of Kline were the total number of the game.

Paris had two chances to score the third run, but at these stages Kline proved an enigma.

Poole's deceptive curves fooled eleven of the Colts and eleven were retired on strikes.

Barnett's double, errors by Glenn and Viox and McKernan's had drive to short tied up the contest.

Chapman's error and that of Kaiser in the same inning were responsible for the two runs made by the Colts.

During the stormy sessions the Bourbonites played with cool heads and never once did they loose their bearings.

Poole nipped Myers off of first in the fourth, the Texas leaguer making no effort to reach the base and pleaded with Umpire Hanley to call a balk. The Umpire would not allow the claim and the side was retired on the out.

The Colts had three men on in the tenth, one on second in the eleventh and one on second in the twelfth, but the Bourbonites were equal to the occasion and the sides were retired without the run that would have brought the game to a close.

Kuhlman took everything that came his way, with the exception of one grounder which he fumbled, and his stops of two hard line drives killed two hits and the chances of the Colts to make a run. The last one resulted in a double play. His fielding was brilliant.

WEDNESDAY.

Loosely played, though stubbornly contested, the game with Lexington Wednesday afternoon at White Park ended in an exciting fashion, the Bourbonites came out the best in the contest, winning in the ninth by a score of 5 to 4 after the game had been lost and tied and then lost and tied again.

The first half of the entertainment was marked by the ludicrous mistakes on the part of the opposing team but after Paris had tied up the contest in the fourth inning matters took on an entirely different hue and but for the timely sacrifice in the last session no doubt extra runs would have been necessary to determine the result.

Kellogg, the big league hurler, fresh from a shut-out of the Bourbonites in one game of the double header at Lexington last Saturday, pitted his strength against McCormick, and went down in defeat for the first time since he has been a Blue Grass leaguer. He was as wild as a March hare at certain stages and in the second and third sessions passed four and hit another.

By feeble hitting and with the assistance of a few misplays the Colts took a big lead in the two opening innings. Sheets, the first up, slammed the ball to Kuhlman and the grounder was too hot to handle. Keifel bunted in front of the plate and McCormick failed to reach the ball, the runner being safe. Viox sacrificed and both men were advanced a base. Sinex grounded to Barnett and Sheets was cut off at the plate. Ellis hit into safe territory and Myers fanned, retiring the side.

In the second they added a couple more. Kimbro hit a slow one to Kuhlman and beat it out, taking second on Hall's sacrifice, which Kuhlman fumbled and both men advanced a peg on Kellogg's sacrifice. McCormick threw wild to catch Kimbro off third, the latter scoring. Hall taking third, and crossing the rubber when Sheets lifted a high one to Kaiser. Keifel beat out a bunt but was forced at second on Viox's grounder for the third out. The Colts failed to get around in the third and in their half the Bourbonites, assisted by the wildness of Kellogg, when he passed two men, which was followed by two singles, tied the score. Kuhlman and McKernan both

waited and Kaiser slammed the ball over second, scoring Kuhlman, McKernan taking second. Goodman laid down a neat bunt and on the out, both men advanced a base. Then McKernan performed a stunt that set the stand and bleachers wild. Thinking McKernan held safely at third, Kellogg was deliberate in his movement and before the ball had been delivered McKernan was well on the road to the plate which he crossed safely Kaiser taking third on the play. Scott grounded to Hall and Kaiser was run down between the bases. Scott taking third and scoring on Barnett's single to center. Chapman flied to Viox for the third out.

Lexington went in the lead again in the fourth. Hall hit to McCormick and was safe on the high bouncer. Kellogg sacrificed. Sheets grounded to McCormick and Hall perished at third. Sheets taking second on a bad throw and scored on Haines' single to center.

Paris placed matters again in doubt in their half of the inning. Holder led off with a single to right that was too high for Meyers to reach and reached the second station on McCormick's sacrifice. Kuhlman waited and McKernan stole third. McKernan grounded to Viox and on the throw to the plate, Haines dropped the ball and Holder was safe. Kuhlman was run down between the bases and Goodman flied to Sheets for the third out.

Both pitchers settled down after the fourth, as well as the other members of the clubs, and the contest bid fair to go farther than nine innings until the fatal ninth. The Colts were retired in order and McKernan, the first up for Paris flied out to Viox. Kaiser followed with a safety over second and went to third when Haines threw wild to second. Goodman lifted a high one to Ellis and Kaiser came home on the out. Score:

Lexington.....1 2 0 1 0 0 0 0 0 4
Paris.....0 0 3 1 0 0 0 0 1 5

Batteries—Paris, McCormick, Holder and Thau; Lexington, Kellogg, Keifel and Haines. Hits—Paris 6; Lexington 9. Errors—Paris 3; Lexington 5. Earned runs—Lexington 2; Paris 1. Sacrifice hits—Viox, Hall, Kellogg 2, Goodman, McCormick. Sacrifice fly—Sheets, Goodman. Bases on balls—off Kellogg 6. Struck out—by Kellogg 4; by McCormick 2. Left on bases—Lexington 6; Paris 8. Double play—Kaiser, Holder. Wild pitch—McCormick and Kellogg. Passed ball—Haines. Hit by pitcher—by Kellogg 1. Time—2:25. Umpire—Morton. Attendance—1,000.

NOTES.

Kellogg—send him over again. A big crowd from Lexington to see their idols lose.

Kaiser's perfect throw in the seventh killed Haines at the plate.

Nine hits off of McCormick only about two of which were clean drives.

Many queer stunts, but these can be overlooked when we get by with the game.

Sheets hit a hard one to Scott in the ninth which the latter took off of his ankles.

McKernan's steal in home rattled the visitors completely and the chance he took helped things wonderfully.

Morton's decisions in the early part of the game greatly displeased the crowd but he seemed to improve as the game progressed.

Holder and Keifel, the two opposing catchers who were in the game with sore hands were compelled to retire before the finish. Thau taking the former's place and Haines the latter's.

THURSDAY.

The Bourbonites defeated the Hustlers yesterday afternoon in a contest free from any special feature, winning by a score of 5 to 3. Burden was sent in against the Bourbonites and in the first session an error, three singles and a double put four runs over the rubber. In the second two singles and a double added another.

Winchester scored in the fourth, fifth and eighth. After the second inning Burden pitched an excellent game and held the locals with two nits. Score:

Paris.....4 1 0 0 0 0 0 0 x 5
Winchester.....0 0 0 1 1 0 0 1 0 3

Batteries—Paris, Winchester and Thau; Winchester, Burden and Vixner. Hits—Paris 9; Winchester 3. Errors—Paris 3; Winchester 2. Two base hits—Barnett, McKernan, Mullins 2, Burden. Sacrifice hit—Gossett. Stolen bases—McCormick, Kaiser, Chapman 2. Left on bases—Paris 5; Winchester 12. Struck out—by Winchester 6; by Burden 3. Base on balls—off Winchester 3; off Burden 2. Double plays—Scott, McKernan, Barnett; Thau, McKernan. Time—2:00. Umpire—Morton.

The Louisville Times says: "Umpire Knapp, of this city, who has been working in the Blue Grass League, found the players and fans there too unreasonably carping, and resigned. Umpires have been finding it tough sledding in the State league this season. A heavy bunch of fines, and proper police protection would work wonders. Then, too, there should be no betting permitted on the ball grounds."

There will be a ball game Tuesday August 9, between Milledgeburg and Sharpburg on Sharpburg grounds.

Body of Frank Demma Found.

The body of Frank Demma, the twelve-year-old Italian boy, who mysteriously disappeared from his home in Lexington on the evening of July 8, was accidentally found Wednesday evening in an old cistern on a vacant lot at the corner of Second and Limestone streets in that city. The body was badly decomposed and was floating on the water which fills the cistern nearly to the top. It had been screened from view by a heavy door which had been lying over the mouth of the cistern. The Italian colony was much excited by the gruesome find.

Muth, a well-known German baker of that city, last winter bought the lot where the body was found and tore down the old building upon it, leaving the ground vacant. He merely covered up, and did not fill the old cistern upon it. Wednesday evening about 6 o'clock, Mr. Muth, his son, John, 16 years old, and Tom Caden, a boy of similar age, who works at the Muth bakery, took some horses to the lot to graze upon the grass growing there. John Muth and Caden were sitting upon the heavy door which covers the top of the old cistern, when young Muth remarked to Caden, "Tom, would you like to see a big cistern?" And, upon Caden assenting, Muth raised the door from the cistern's mouth.

The boy was the son of Joseph Demma, an Italian fruit peddler, who lives on Short street, near Jefferson and his disappearance was a puzzle which attracted attention all over Central Kentucky. The father believed he had met with foul play and the Italians of the city raised a fund of \$300, which was offered as a reward for information which would lead to his recovery.

The father stated at the time that the boy had had a fight with a Greek youth who lived near his home, and intimated that the Greek's relatives and friends were responsible for his disappearance. When the body was found the elder Demma was almost crazed by excitement and made a futile attempt to commit suicide with a knife.

—Mr. and Mrs. George R. Burberry and family had as their guests Sunday Mr. John McDaniel and family of Millersburg, Messrs. George and Charles McDaniel and families of Leesburg.

—Mrs. D. S. Henry and two little daughters, Misses Charlotte and Elizabeth Henry have returned from a visit to Mrs. Henry's father, Mr. John Williams, of near Frankfort, and will the latter part of the week, leave for a stay at Dawson Springs.

—Miss Esther Margolen, who had been visiting her friend, Mrs. Wm. Barrowman, in our city for some time, returned Wednesday to her home in Paris, Kentucky, leaving saddened hearts behind her. But, as rumor hath it, ere this grand old world of ours has completed another third of its annual revolution, he will go after and bring her back "for keeps." She has won the hearts of all who met her and a glad welcome will be hers when she does return. —Purcell, Oklahoma, News.

—The Cliff Dwellers entertained at their camp on Stoner creek Wednesday evening. Fruit punch and sandwiches were served, after which the guests and members of the club enjoyed a boat ride up Stoner. Members of the club present were: H. B. Fithian, O. T. Hinton, C. H. Huffman, Wallace Clark, Wallace Douglas, William Cooper, Chas. Fithian, John Davis, Edw. Pritchard, Harold Harris and E. L. Harris. The guests were: Aileen Power, Edna Earl Hinton, Carolyn Roseberry and Elizabeth Steele; Messrs. Amos Turney and Fay Ardery.

Fiscal Court Meeting.

The Bourbon Fiscal Court met yesterday in regular session and during the absence of Judge Denis Dundon Squire L. J. Fretwell presided and the following Magistrates were present: P. E. Thomason, W. H. Squires, B. F. Stipp and J. T. Barlow. Claims amounting in the aggregate to the sum of \$689.12 were allowed and ordered paid. The report of Road Supervisor C. F. Redmon was read, accepted and ordered filed. Claims for turnpike repairing in the sum of \$439.25 were allowed and the sum of \$1,000 for turnpike repairs for the month of August was appropriated. The report of the accounts of Jailor Joe Farris was read and a balance of \$169.15 is shown to be due the county. It was also ordered that the sum of \$4 per month be appropriated to Mr. Millard Kenney for the support of Frank Finch. County Treasurer Silas Bedford was ordered to borrow the sum of \$10,000 to meet the expenses of the county and execute a note for that amount with interest at the rate of 6 per cent and payable on November 1.

Angiron bridge over Johnson creek on the Paris and Clintonville pike was ordered erected by the county and Squires Stipp and Lloyd were appointed a committee to superintend the construction. E. P. Thomason and Geo. K. Redmon were appointed a committee to purchase coal for the infirmary. Supervisor Redmon was ordered to use the county rock crusher as was in his judgment to the best interest of the county. Court then adjourned to meet in regular session on September 2.

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results, is pleasant to take and does not gripe. It is especially good for all those who cannot stand a violent purgative.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

FOR THE LITTLE ONES.

Especially Attractive Provision For Children at Blue Grass Fair.

There will be especially attractive provision for children at the big Blue Grass Fair this year. On Saturday, August 13th, the closing day, the admission fee for children between the ages of six and twelve, which is generally twenty-five cents, will be reduced to fifteen cents, and among the children who attend that day a Shetland pony will be given away absolutely free.

Furthermore, the classes for Shetland ponies, which are always a great attraction for the young folks, will be shown on Saturday afternoon, and there will be other features that will serve to interest and attract and entertain the children which will not obtain during the other days of the fair.

As in past years, the Blue Grass Fair will continue both day and night during the week of August 8th to 13th. Each evening, beginning at 7:30, a band concert will be given, the full program of free acts will follow, and all the large aggregation of shows will be open.

BAND NUMBERS 45

Russian Has Few Equals and No Superior.

Management of Blue Grass Fair Has Secured Thaviu's Famous Russian Band.

Probably the concert band which has attracted greatest attention throughout the country the past two seasons is the splendid aggregation of musicians gotten together under the direction of A. F. Thaviu, the famous Russian band-master. The success of the Thaviu Band at every engagement it has played has been duly attested by the fact that each city is more than anxious always to have the band return. The good fortune of the management of the Blue Grass Fair in being able to secure this band is, therefore, especially notable.

Mr. Thaviu has few equals and no superior as a leader. His band combines every element of efficiency necessary to the greatest success and the most pleasing effects. It numbers forty-five musicians, all of them stars in their respective capacities. In addition the band carries with it a troupe of Russian singing and dancing girls, who are themselves one of the most notable features ever seen with any band. This troupe of Russians was imported by Mr. Thaviu and has appeared with him the past two seasons. It is the only troupe of its kind ever seen on the American band concert stage.

The Thaviu Band will give a morning, afternoon and evening concert each day throughout the week of August 8-13, the troupe of Russian dancers appearing at each performance.

The excellence of the music at the Blue Grass Fair has always been one of its features of outstanding merit. The management feels secure in predicting that the Thaviu Band will please the public as no other band that ever appeared in Lexington has done. It is certain to prove one of the greatest and most notable drawing-cards of the fair week at Lexington. Miss Anna Woodward is the splendid soprano soloist with the band.

AGAIN RENEWED.

Valuable Premiums Will Be Given For Individual Farm Exhibits

As never before in the history of a fair at Lexington, the interests of the agricultural community will be cared for at the big Blue Grass Fair, the week of August 8th to 13th. Last year this association offered valuable premiums for Individual Farm Exhibits, including an array of different products produced on individual farms. So wide was the interest in this exhibit and so large the entries that the class will be again renewed and there is every prospect that it will have a still larger entry list.

As last year, the Kentucky Experiment Station will make a splendid exhibit of products grown on its excellent farm (this, however, not entering into competition with the exhibits of farmers of Central Kentucky), and also will bring to the fair grounds samples of grains and of various cereals which will prove both entertaining and instructive. The Fair Association will give a good deal of money for the show of small grains, such as wheat, oats, bluegrass seed, and there will also be handsome premiums for the display of corn. To this display of farm products will be given over the first floor of Floral Hall.

On the second floor the merchants of Lexington will make attractive displays, while on the third floor will be exhibited a large number of articles entered in the department of Women's Work and Table Luxuries. The entire Floral Hall will be more complete and more attractive than ever before.

All farmers who have products in which they take pride should address Secretary J. J. Shouse, at Lexington, asking for a catalogue of the Blue Grass Fair, setting forth details to relate to the Individual Farms Exhibit and the premiums offered for different grains.

Regret.

Jones (4 a. m., after walking the floor with the baby since 9:30)—"And to think, Mary, that the month before we were married, I dropped out of the prize Marathon waltz because I was tired."—Cleveland Leader.

Life.

Life is too short. We ought to have one life to love, one life for learning, and another to do good deeds. As it is, one is almost forced to give up learning if one wants to love, and if you want knowledge, you must give up love. This is cruel.—Ernest Renan.

A New Disease.

A little girl one day came in the sitting room with a little sick chicken in her hand and said: "Do something for him quick. I am 'traid he's got the perrin jercitis (appendicitis')."—From the Delineator.

Cost of Progress.

For every \$250,000 spent on engineering it is estimated that a man is killed.

Control of Temper Important. Your temper controls your life; therefore you should learn to control your temper.

Waste Place of the Earth.

The deserts of the earth cover 4,180,000 square miles.

Discontent in Idleness.

There is no satisfaction—only misery—in idleness. The woman or man who makes no practical use of leisure hours is almost invariably discontented.

Death, the Comforter.

There are a great many miseries which nothing but death can give relief to. It puts an end to the sorrows of the afflicted and oppressed; it sets the prisoners at liberty; it dries up the tears of the widows and fatherless; it eases the complaints of the hungry and naked; it tames the proud tyrants, and puts an end to all our labors. And the contemplation of it supports men under their present adversities, especially when they have a prospect of a better life after this.

Butter and Microbes.

Butter is an excellent breeding place for bacteria which tend to decompose it until it is useless as food, unless it is kept in a cold place. Salt also retards their growth, but has this disadvantage, that it makes the decomposition difficult to detect either by taste or smell. Hence the preference for sweet butter by those who are particular about having it fresh.

For Better Health.

One heroic cure for dyspepsia is to eat only when really hungry. As an experienced doctor says: "No man ever died of starvation without being hungry." If the appetite does not return stimulate it by active exercise. Babies sometimes suffer from too much attention, too much dressing, too much feeding and sometimes too much medicine.

Friends.

After a man passes 50 he is pretty fortunate if he doesn't find more acquaintances on the tombstones in the cemetery than he finds on the door plates in town.

WALTER A. WOOD MOWERS

Are Different From All Others

When the late Walter A. Wood built his first mower in 1882 it was upon a principle entirely different from any other. That same principle today distinguishes our mowers from all others. It is the "floating frame" described so fully in our catalog. All manufacturers of mowers admit that the "direct under-draft" principle is the correct one—but they can't use it because genuine underdraft is possible only with the "floating frame" construction which is exclusive to Walter A. Wood Mowers. We feel justified in asserting that our mowers are: the easiest running lightest draft; handiest to operate; least expensive to keep in repair and longest lived. The mower that leads on these points is the mower it will pay the farmer to buy. There are many other good points fully illustrated and described in our Catalog. Write for it today.

Narrow Shoulders Decree of
Fashion.

Well-tailored men of the coming fall
will be narrow of shoulder and broad
of chest, and the present type of wide
shouldered but anemic athlete will
have vanished from the realm of the
elite.

Exhibits at the fashion show, which
is in progress at the Coliseum, in Chi-
cago, preface the passing of the ar-
tificial wide shoulder, and bore evidence
that superfluous cloth in future will be
lavished on the chest.

The overcoat of "the man who
knows" will be loose and baggy. The
latest thing in keep-warm clothing is
called a "great coat." Any size will
fit anyone fairly well, but is guaran-
teed to fit any individual perfectly.

The coat will bear the ulster collar of
last winter, only more so.

The "straight-front," close-fitting
collar has been placed on the blacklist
and its more favored successor is one
that looks somewhat like the Eliza-
bethan Ruff.

Flowing ties have come into their
own. Their only rival of popular fa-
vor is a partly colored tie, which dis-
plays an amazing set of contrasts
when knotted four-in-hand.

The narrow-shouldered business suit,
in addition to its bulky chest, will be
remarkable for the exceeding close-
ness for its fit around the hips. Peg-
top trousers, gripping the shoe tops
tightly, will be worn as the accom-
panying nether garments.

STOCK, CROP AND FARM NOTES.

A report from Henry county states
that even with favorable weather con-
ditions the tobacco crop will not
amount to more than 60 per cent of
the average crop.

The Kentucky State Racing Com-
mission announced Tuesday that it will
rehear the case of H. G. Bedwell, of
Denver, who, with his stable, was
ruled off Kentucky tracks for the al-
leged "doping" of the horse Nadzu at
Latonia on July 4.

A number of prominent tobacco
growers of Nicholas county claim that
careful estimate now made will show
that the tobacco crop of Nicholas county
cannot make forty per cent of a
crop this year unless there is an extreme
late season. Just a little top-
ping is being done here and there, and
there is not a large field of tobacco in
the county that has all been topped.

A dispatch from Maysville says:
Maysville tobacco interests have taken
another boom, yesterday the J. B.
Herger Company of Covington bought
a tract of property in the Sixth ward,
fronting 120 feet on Union street and
running back 245 feet on Third street.
The company will begin next week the
erection of a large redrying plant 130x-
245 feet with a capacity of 75,000
pounds of tobacco per day and employ
100 hands. The building will be of
concrete and steel. The Kentucky
Warehouse Company will enlarge its
plant 60x100 feet, while the large
Tuckee warehouse will be extended
back at least 100 feet.

Decrease in Imports and Exports

The increasing share of the manu-
facturers of the country in its foreign
trade is illustrated by the detailed
statement regarding the imports and
exports by great groups during the
fiscal year 1910, issued by the Bureau
of Statistics of the Department of
Commerce and Labor. These figures
show increased importations of manu-
facturers' materials, increased ex-
portations of manufacturers, and a decline
in both imports and exports of food-
stuffs.

The value of imported manu-
facturers' materials including in this
term both crude and partly manu-
factured, amounted to \$56 million dollars
in the fiscal year just ended, against
\$73 million one year ago, 10 million
ten years ago and 28½ million twenty
years ago. The exports of manu-
factures including both those ready for
consumption and those for further use
in manufacturing, aggregated 768 mil-
lion dollars in the fiscal year 1910,
against 671 million one year ago, 485
million ten years ago and 179 million
twenty years ago.

Thus imports of manufacturers' materials in 1910 were larger than ever before and were 109 per cent greater than a decade ago and 198 per cent greater than two decades ago. Manufacturers exports in 1910 show also a larger total than ever before, and were 5 per cent greater than in 1900 and 329 per cent greater than in 1890.

The falling off in the exports of food-
stuffs, due to larger consumption by
our own people, is again illustrated in
the figures of 1910, which show the
total value of foodstuffs exported as
but 369 million dollars, against 438
million in 1909 and 545 million in 1900,
despite the fact that prices and there-
fore export valuations were in 1910
higher than those of 1900.

Manufacturers' materials imported while showing higher prices in many instances show also advances in quantities, the quantity of india rubber in 1910 being 101 million pounds against 49 million in 1900. Hides and skins 608 2-3 million pounds against 346 million in 1900, pig tin 101 million pounds against 70 million in 1900 and wool 2563 million pounds in 1910, against 156 million in 1900.

Arrested for Violating Local
Option Laws.

At Carlisle John Marr, a restaurant
keeper, was arrested on eleven war-
rants charging him with violating the
local option laws. The warrants are the
result of a court of inquiry which
was recently held in that city by
Police Judge James E. Plummer. It
is reported that much evidence was
obtained during the several sessions of
the court and that many more arrests
will in all probability follow when
Judge Plummer makes known what
evidence he has obtained. Mr. Marr
executed bond and was released. He
protests his innocence and says that he
will be able to prove that he is not
guilty of the charges in which he has
been arrested.

Narrow Shoulders Decree of
Fashion.

Well-tailored men of the coming fall
will be narrow of shoulder and broad
of chest, and the present type of wide
shouldered but anemic athlete will
have vanished from the realm of the
elite.

Exhibits at the fashion show, which
is in progress at the Coliseum, in Chi-
cago, preface the passing of the ar-
tificial wide shoulder, and bore evidence
that superfluous cloth in future will be
lavished on the chest.

The overcoat of "the man who
knows" will be loose and baggy. The
latest thing in keep-warm clothing is
called a "great coat." Any size will
fit anyone fairly well, but is guaran-
teed to fit any individual perfectly.

The coat will bear the ulster collar of
last winter, only more so.

The "straight-front," close-fitting
collar has been placed on the blacklist
and its more favored successor is one
that looks somewhat like the Eliza-
bethan Ruff.

Flowing ties have come into their
own. Their only rival of popular fa-
vor is a partly colored tie, which dis-
plays an amazing set of contrasts
when knotted four-in-hand.

The narrow-shouldered business suit,
in addition to its bulky chest, will be
remarkable for the exceeding close-
ness for its fit around the hips. Peg-
top trousers, gripping the shoe tops
tightly, will be worn as the accom-
panying nether garments.

STOCK, CROP AND FARM NOTES.

A report from Henry county states
that even with favorable weather con-
ditions the tobacco crop will not
amount to more than 60 per cent of
the average crop.

The Kentucky State Racing Com-
mission announced Tuesday that it will
rehear the case of H. G. Bedwell, of
Denver, who, with his stable, was
ruled off Kentucky tracks for the al-
leged "doping" of the horse Nadzu at
Latonia on July 4.

A number of prominent tobacco
growers of Nicholas county claim that
careful estimate now made will show
that the tobacco crop of Nicholas county
cannot make forty per cent of a
crop this year unless there is an extreme
late season. Just a little top-
ping is being done here and there, and
there is not a large field of tobacco in
the county that has all been topped.

A dispatch from Maysville says:
Maysville tobacco interests have taken
another boom, yesterday the J. B.
Herger Company of Covington bought
a tract of property in the Sixth ward,
fronting 120 feet on Union street and
running back 245 feet on Third street.
The company will begin next week the
erection of a large redrying plant 130x-
245 feet with a capacity of 75,000
pounds of tobacco per day and employ
100 hands. The building will be of
concrete and steel. The Kentucky
Warehouse Company will enlarge its
plant 60x100 feet, while the large
Tuckee warehouse will be extended
back at least 100 feet.

—Mrs. W. F. Carpenter returned Saturday after a two weeks visit to her mother, Mrs. McNamara, of Grand Rapids, Michigan.

—Mrs. U. S. G. Pepper will entertain Saturday afternoon in honor of her sister-in-law, Mrs. Blackerby, of Montgomery, O.

—Mr. Lee Insko has accepted a position with the Blue Grass Automobile Co., at Lexington and entered on his duties Monday.

—The Best estate has put a new roof on the property known as the Fleming House. Mayor W. D. Wadell has done the same for his residence.

—Mrs. O. R. Rankin and granddaughter, Miss Alice Grimes, in company with Miss M. B. Clark, left Tuesday for a week's trip to Niagara Falls and other Eastern points.

—Mr. T. R. Wilson has resigned his position with the L. & N. railroad at Paris and accepted another with Peale Collier & Co. This was necessary on account of Mr. Wilson being threatened with pen paralysis.

—One of the most unique little social events of the summer was the doll party given by Mrs. C. W. Corrington Tuesday afternoon and evening from 5 to 7 in honor of her little niece, Miss Elizabeth Corrington Conway, of

Atlanta, Ga. About forty little girls were present with their dolls. A prize was awarded for the prettiest face and doll which was awarded to little Miss Thorn, daughter of Mr. and Mrs. J. M. Thorn. Each little girl took her sewing and a prize was offered by the best doll handkerchief, which was awarded to little Miss Butler, daughter of Mr. and Mrs. J. A. Butler. The entertainment was given on the lawn and after awarding the prizes games and other sports were indulged in, souvenirs were little dolls. Refreshments were served and at seven o'clock all the little girls returned to their home happy for having been there. Mrs. Corrington was assisted in the entertainment by quite a number of her lady friends.

—Mrs. J. B. Cray is quite ill.

—Mrs. E. E. Tylor is visiting relatives at Fiqua.

—Dr. H. C. Burroughs was in Carlisle Wednesday.

—Master Irvine Sanders, who has been among the sick, is much better.

—Miss Ella Fleming, who is at St. Joseph Hospital, Lexington, is doing nicely.

—Miss Alma Duke Jones is spending two weeks with Miss Lache Corliss at Brooksville.

—Mrs. Joe W. Mock and children left Saturday to visit her grandparents at Car's Landing.

—Miss Margaret Darcy is critically ill at the home of her sister-in-law, Miss Griffith at Paynes Depot.

—There will be a ball game August 10th on the Millersburg grounds between the home team and the Maysville White Sox. Don't forget the date.

—Misses Stella and Annette Hurst and Mrs. Leroy Endicott, with their guests left Thursday for Parks Hill Chautauqua to remain during the meeting.

—At the union meeting Sunday evening \$150 was called for as a fund to fight "blind tigers." That amount was almost raised and was completed the next day. An additional sum of \$500 will be raised for future emergencies as there will probably be other arrests made soon.

—The City Council met in regular session Wednesday evening but little business was transacted. The street commissioners made a report showing that the work of putting down sidewalks was progressing nicely. Dr. W.

M. Miller was ordered to take down his porch on Ninth street and to widen his sidewalk to four feet, the standard width. Miss Bettie T. Vimont was granted permission to build a three room cottage on Seventh street, Madison Brs. were granted permission to build a four room cottage on Miller street. After allowing a few claims the council adjourned.

—Rev. Norman Luck, Mr. and Mrs. P. L. Dimmitt and daughter, Miss Lula McNamara, Mesdames W. G. Leer, A. T. Moffitt and daughter, Miss Alberta Moffitt, attended the Baptist Association at Mt. Pisgah Wednesday and Thursday.

Increase in Export Tobacco.

The exports of tobacco for the fiscal year ending June 30, 1910, amounting to \$33,000,000, break all previous records. Last year the exports amounted to only \$30,900,000.

The increase in the exports has been limited largely to tobacco which is grown in the states of Virginia, North Carolina, South Carolina and Kentucky, and which is shipped in hogsheads. The advance in seed leaf tobacco coming from the States of Wisconsin, Connecticut and New York has not been quite so large.

Recently the government of Portugal and Italy have made contracts for large quantities of this hogshead tobacco. The exports to these countries have been growing every year and have now come up to a very high level. The exports of cigar leaf tobacco to Germany, however are at the present time not quite so large for the reason that the duty has been raised 40 per cent ad valorem. As showing the advance this year over 1910 it is interesting to note that in May, 1910, over 23,000,000 pound of leaf, stem and trimming valued at about \$2,535,000, were exported, while in May, 1909, only 16,426,569 pounds valued at \$1,803,381, were shipped to foreign countries.

Murderer Paroled.

On recommendation of Circuit Judge R. L. Stout, Commonwealth's Attorney Robert B. Franklin and every county official in Franklin county, the Prison Commission granted a parole to John Lumpkin, sent to the penitentiary from Franklin county for the killing of a negro. He has been convicted of killing two negroes and is said to have killed more than that number. He is dying of consumption and that was the reason he was granted a parole.

Bryan's Candidate Quits Race.

W. H. Patrick has announced his withdrawal from the race for the Nebraska gubernatorial nomination of the Democratic party. Patrick is an advocate of county option and has been supposed to have the backing of William J. Bryan. Richard L. Metcalfe, director of Bryan's paper, is supporting Governor Shallenberger for renomination. This, in connection with the withdrawal of Patrick, is believed to indicate that Bryan intends to come out in favor of the present Governor.
